Thanks for the update. He called me this morning. Hopefully, we can get this tank out of the ground soon.

Subject: FW: Onamia 10 Day Notice

Folks:

Talked with Doug from Deans tank and proposed 10 day notice is attached. Please feel free to contact Doug if you should have any questions or concerns. He still is looking for a possible disposal location of the contaminated water from one of the temporarily closed tanks. I informed him that the City of Onamia was not in a position to accept the fuel contaminated water at the wastewater facility. He may end up having it trucked to the City for disposal unless he can find another wastewater facility to accept the water. If you have any questions please feel free to call.

Stan

Subject: 10 Day Notice

Joann,

I've attached another 10 Day Notice and already left a message for Stan.

Thank You

Doug
